

EL75DR | PATHWAY & AREA LIGHTING

360° Illumination

elevateLux
Stay hidden during the day, only appear at night!

The **ElevateLux EL75DR** is the premier choice for widespread, uniform illumination, designed as an elegant round bollard light. Its key feature is a soft, all-encompassing, **360° light distribution** delivered through a frosted lens, ideal for creating a comfortable, glare-free ambiance in pathways and open areas. The fixture operates on the signature retractable system, gracefully rising at dusk and seamlessly hiding by day. Available in three heights (6"/12"/24") and with **4 brightness levels**, it provides tailored lighting control. Durability is guaranteed by the robust stainless top, extruded aluminum housing, and **two-layer finish: Anodizing and a weather-resistant powder coat**. The EL75DR is a smart, discreet, and enduring light for high-end area lighting.

Key Features:

- **Innovative Retractable Design:** Retracts into the ground for an unobstructed landscape.
- **Omnidirectional Illumination:** Round bollard with 360° light distribution.
- **Ultimate Durability:** Anodizing & weather-resistant powder coat finish.
- **Soft Ambiance:** Frosted PC Lens for soft, inviting illumination.
- **Precision Control:** Offers 4 adjustable brightness levels.

Product Specifications:

| | |
|--------------------|---|
